

# IWEA ANNUAL CONFERENCE PARKING:

## What You Need to Know

During the 2017 Annual Conference, IWEA **will not be** reimbursing conference attendees for parking fees. To assist in finding a nearby parking garage, we have compiled the following list. Garages listed below can be found on the map via their corresponding number. Though not the only parking garages available downtown, those listed are all within two blocks of the Westin and most are connected to it by skywalk (the orange line on the map) to protect you from inclement weather. If you have any questions regarding parking options, please do not hesitate to contact our office. More information on all the Indianapolis parking areas can be found at [www.indydt.com/parking.cfm](http://www.indydt.com/parking.cfm)
