

Wednesday

8:00 AM - 5:30 PM	Exhibit Hall Open				
8:00 AM - 9:00 AM	Opening Keynote (in exhibit hall)				
9:05 AM - 9:35 AM	LDI Meet & Greet / Exhibit Break				
9:40 AM - 10:10 AM	Coagulant/Flocculant - Lab Test to Support Improved Sludge Treatment	A Watershed Approach to Understanding & Improving Our Waters	25%+ Power Savings? Yes, Please!	LDI Panel	Digital Tools Accelerating LCRR Compliance
10:15 AM - 10:45 AM	Combating drought - mining reuse water from municipal sludge using Supercritical Water Oxidation	Advancing Underground Inspection – Changing our Approach	Dewatering Improvements for CEG White River WTP Residuals	Designing And Building a Centerpiece at a WWTP: How Teamwork Between the Engineer and Contractor Can Create a Successful Project for the Owner	Double Your Cake Solids in Under 2 minutes
10:50 AM - 11:20 AM	Understanding the Fate and Destruction Mechanisms of PFAS Under Supercritical Oxidative Conditions	Evaluating Stormwater Solutions in Flat Areas	How to pay for your aging infrastructure – Long-term financial planning	The Successful Mentoring Mindset: The Key to Unlocking Your Career Potential	Demos
11:30 PM - 12:40 PM	Lunch Break				
12:45 PM - 1:15 PM	Nutrient Removal Operations - A Compilation of Lessons Learned Over 30 Years	Foster Park Pump Station	Developing a GIS based Work Order System	Creating a Rapid One-Step Field Based Method for Detecting Nanoplastics in Water	Implementing Peracetic Acid Disinfection
1:20 PM - 1:50 PM	Energy and carbon neutral wastewater sector by 2030	Hurricane Flood Risk Reduction in South Florida	Affordability and Updated FCA for Long-Term Control Plans	IDEM Update	Presentations Aloft
1:55 PM - 2:25 PM	PFAS Considerations for Wastewater Professionals and Understanding Potential Impacts to Wastewater and Biosolids	Integrated Planning Roadmap -How to Optimize Community Investments for Wter Resources	Disinfection Equipment Replacement - Not as Simple as Just Turning the Lights On...	IDEM – IWEA GAC Workgroup Report - CSO LTCP Post-Construction Documentation of Compliance	Demos - 6
2:25 PM - 3:15 PM	Break to Exhibitor Hall				
3:20 PM - 3:50 PM	Successful Dewatering	Stormwater Improvements along Sherman Drive Park	Applying New Technology to Master Influent Variability in Wastewater Treatment	Making Sense of EPA's Proposed Drinking Water Regulation on PFAS and What is the Impact on Utilities	Town of Brownsburg, IN Doubles Down on using Pure Oxygen for Odor Control
3:55 PM - 4:25 PM	Construction Update on Building an Egg-Shaped Digester	Taking Control of Bee Slough: Design and Construction of a Levee Floodgate	Indiana SRF Program Updates	READINESS TO PROCEED TO FUNDING ROAD MAP– ENSURING PROJECT FUNDABILITY	Demos - 8
4:30 PM - 5:00 PM	Upgrading Greenville's Solids Handling Infrastructure – Exploring Alternatives to Identify Feasible Solutions	Storm - 9	Inflation Reduction Act: Incentives and grants for qualifying utility projects	IDEM Update	Demos - 9
